inter act interpersonal communication concepts skills and contexts ninth edition by best selling authors kathleen s verderber and rudolph f verderber provides a framework of practical communication skills supported by current theory and numerous real life examples and scenarios it addresses modern technology s challenges and obstacles to creating and maintaining healthy relationships between not only those who are close and intimate but those who differ in politics gender age race religion and culture the authors demonstrate the significance of sensitivity to culture gender and racial diversity the importance of ethical communication

practices and ways to reinforce personal ethical communication skills this ninth and updated edition includes a unique chapter on communicating in the workplace and an entirely new chapter on electronically mediated interpersonal communication it also includes effective pedagogical features called skill builder boxes marginal segments called inter act with technology and sections called what would you do a question of ethics

this book gives readers an understanding and appreciation of different cultures and provides them with the practical skills for improving their communication with people from other cultures it provides excellent motivation for students through numerous compelling examples that force them to examine their own assumptions and cultural biases

relating common theoretical models to true to life examples from law ethics education and business inch and warnick stress the importance of argumentation in everyday life as they build student competence and critical awareness this text encourages students to develop skills in both constructing and refuting arguments through exercises and examples students learn how to create individual arguments extend argument cases and understand how arguments are designed and how to interpret them the text allow students to conceptualize argumentation in the larger framework of verbal and written interaction from public speaking and debating to interpersonal intercultural and small group communication

this book covers criticism of the persuasion that surrounds us in daily life speeches at political conventions editorials in newspapers essays in magazines of opinion debates in congress state legislatures and political campaigns and all of the efforts by which protesters and reformers justify their views the authors focus attention on responding intelligently to this rhetoric they view rhetorical criticism not as a matter of being critical or of attacking rhetoric but rather as the process of analysis interpretation and evaluation of persuasive uses of language

using a competency based approach this text provides a complete overview of the research and theories of interpersonal communication this integrated approach stresses the development of communication competencies including skills understanding of the theory and research that contextualize the skills and make them relevant to learning and the motivation to put the skills into practice the inclusion of intercultural and gender material throughout the text makes connecting relevant to the students daily communication
